Re: Docket 7558 – GMP Section 248 filing - Lowell Mountain Project

Dear Mr. Zamore:

On August 7, 2009, Green Mountain Power Corporation ("GMP") filed a petition, pursuant to 30 V.S.A. § 248(j), with the Vermont Public Service Board ("Board") for a certificate of public good authorizing the installation and operation of three temporary wind meteorological towers on the Lowell Mountain in Lowell, Vermont. Upon review of the petition, the Board has determined that the petition cannot be accepted pursuant to Section 248(j) and will require that the petition be reviewed pursuant to the full requirements of Section 248.

A prehearing conference will be scheduled shortly. GMP is required to provide a copy of its petition to each of the entities specified in 30 V.S.A. § 248(a)(4)(C) to whom GMP has not already provided a copy.

Sincerely,

Susan M. Hudson
Clerk of the Board
